| <p><b>Achtung • Attention • Attenzione</b><br/> <b>Opgelet • Uwaga • Pozor • Figyelem</b><br/> <b>Atenție • Dikkat • Внимание</b></p> |                                                                                                                                                                                 |
|---------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>(D)</b>                                                                                                                            | Wandbefestigung dient als Kippschutz – unbedingt anbringen! Bei einigen Wandtypen kann ein Spezialdübel erforderlich sein!                                                      |
| <b>(GB)</b>                                                                                                                           | The wall fastening serves to prevent tipping – be absolutely sure to mount it! For certain wall types, a special wall plug may be necessary!                                    |
| <b>(FR)</b>                                                                                                                           | La fixation murale sert de protection contre le basculement – à installer impérativement ! Pour certains types de murs il faut des chevilles spéciales !                        |
| <b>(IT)</b>                                                                                                                           | Il fissaggio alla parete serve da protezione anti-ribaltamento – attaccarla assolutamente! Per alcune strutture di parete può essere necessario un tassello speciale!           |
| <b>(NL)</b>                                                                                                                           | Bevestiging aan de muur dient als kantelbescherming – zeker en vast bevestigen! Bij enkele muurtypen is een speciale plug misschien vereist!                                    |
| <b>(PL)</b>                                                                                                                           | Mocowanie do ściany jest jednocześnie zabezpieczeniem przed przewróceniem – koniecznie zamontować! Do niektórych rodzajów ścian koniecznie zastosować specjalne kotki mocujące. |
| <b>(CZ)</b>                                                                                                                           | Montáž na stěnu slouží jako ochrana proti převrnutí – bezpodmínečně umístěte! U některých typů stěn může být zapotřebí speciální hmoždinka!                                     |
| <b>(SK)</b>                                                                                                                           | Upevnenie na stenu slúži ako ochrana proti prevráteniu – bezpodmienečne použite! Pre niektoré druhy stien môže byť potrebná špeciálna hmoždinka!                                |
| <b>(HU)</b>                                                                                                                           | A terméket a falhoz ké! rögzíteni, különben az felborulhat! Egyes fal típusoknál speciális tipl!t kell használni!                                                               |
| <b>(RO)</b>                                                                                                                           | Sistemul de fixare la perete serve!te ca protec!ie la răsturnare – de montat obligatoriu! Pentru unele tipuri de pere!i este posibil să fie necesar un diblu special!           |
| <b>(TR)</b>                                                                                                                           | Duvardaki sabitleme, devrilmeye karşı bir emniyet tedbiridir ve mutlaka monte edilmelidir! Bazı duvar tiplerinde bunun için özel bir dübel gerekli olabilir!                    |
| <b>(RU)</b>                                                                                                                           | Обязательно установите крепление на стене во избежание опрокидывания! Для некоторых типов стен может потребоваться специальный дюбель!                                          |
