| <div> <div>!</div> <div> Achtung • Attention • Attenzione<br/> Opgelet • Uwaga • Pozor • Figyelem<br/> Atenție • Dikkat • Внимание </div> <div>!</div> </div> |                                                                                                                                                                                 |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| (D)                                                                                                                                                           | Wandbefestigung dient als Kippschutz – unbedingt anbringen! Bei einigen Wandtypen kann ein Spezialdübel erforderlich sein!                                                      |
| (GB)                                                                                                                                                          | The wall fastening serves to prevent tipping – be absolutely sure to mount it! For certain wall types, a special wall plug may be necessary!                                    |
| (FR)                                                                                                                                                          | La fixation murale sert de protection contre le basculement – à installer impérativement ! Pour certains types de murs il faut des chevilles spéciales !                        |
| (IT)                                                                                                                                                          | Il fissaggio alla parete serve da protezione anti-ribaltamento – attaccarla assolutamente! Per alcune strutture di parete può essere necessario un tassello speciale!           |
| (NL)                                                                                                                                                          | Bevestiging aan de muur dient als kantelbescherming – zeker en vast bevestigen! Bij enkele muurtypes is een speciale plug misschien vereist!                                    |
| (PL)                                                                                                                                                          | Mocowanie do ściany jest jednocześnie zabezpieczeniem przed przewróceniem – koniecznie zamontować! Do niektórych rodzajów ścian koniecznie zastosować specjalne kołki mocujące. |
| (CZ)                                                                                                                                                          | Montáž na stěnu slouží jako ochrana proti převrnutí – bezpodmínečně umístěte! U některých typů stěn může být zapotřebí speciální hmoždinka!                                     |
| (SK)                                                                                                                                                          | Upevnenie na stenu slúži ako ochrana proti prevráteniu – bezpodmienečne použite! Pre niektoré druhy stien môže byť potrebná špeciálna hmoždinka!                                |
| (HU)                                                                                                                                                          | A termék a falhoz kel rögzíténi, különben az felborulhat! Egyes fal típusoknál speciális tiplit kell használni!                                                                 |
| (RO)                                                                                                                                                          | Sistemul de fixare la perete servește ca protecție la răsturnare – de montat obligatoriu! Pentru unele tipuri de pereți este posibil să fie necesar un diblu special!           |
| (TR)                                                                                                                                                          | Duvardaki sabitleme, devrilmeye karşı bir emniyet tedbiridir ve mutlaka monte edilmelidir! Bazı duvar tiplerinde bunun için özel bir dübel gerekli olabilir!                    |
| (RU)                                                                                                                                                          | Обязательно установите крепление на стене во избежание опрокидывания! Для некоторых типов стен может потребоваться специальный дюбель!                                          |
